

ARPIT MALIK

7056470711 | arpit.malik.ug23@nsut.ac.in

EDUCATION

B.Tech (Mechanical Engineering)	2023-2027	Netaji Subhas University Of Technology	6 CGPA
CBSE (Class XII)	2022	The Century School, Karnal, Haryana	72.4%
CBSE (Class X)	2020	D.A.V Centenary Public School, Paniapat	86.6%

EXPERIENCE

Design Intern | E2EM Technologies Private Limited

(October 2025 - January 2025)

- Designed and integrated a cost-optimized **Electric Moped** for last-mile delivery from concept to production approval.
- Led chassis, suspension, battery packaging, and ergonomics **design under tight budget and timeline constraints**.
- Reduced manufacturing complexity** using sheet-metal-centric, serviceable designs.
- Delivered a validated prototype resulting in **15 vehicles approved** for fabrication.

Design and Development Intern | ARC Global

(June 2025 - July 2025)

- Worked on **design and development** of a **Dune Buggy**, focusing on chassis layout, suspension and overall vehicle integration using SolidWorks.
- Researched and optimized overall chassis and suspension of the vehicle.

ACADEMIC ACHIEVEMENTS AND SKILLS

Off Road ATV | Team Daedalus Racing - NSUT

- Fabricated and tested an ATV from scratch for national design competitions involving over 100+ college teams.
- Achieved **AIR 19** at **BAJA SAEINDIA 2025**
- AIR 1 in Suspension & Traction** and **AIR 2 in Maneuverability in ATVC INDIA**
- Designed chassis and Suspension using SolidWorks optimizing for strength-to-weight ratio. Validated simulation-driven design validation using FEA tools, ensuring performance under dynamic loads.

Technical Skills : Solidworks, Catia, Ansys, Lotus Shark(Suspension Simulation), Python, Video Editing.

POSITIONS OF RESPONSIBILITY

Chief Design Engineer (Team Daedalus Racing, BAJA SAEINDIA)

(November 2025 - Present)

- Designed the complete vehicle layout (BAJA SAE INDIA 2026): chassis, suspension, steering, drivetrain packaging, and ergonomics.
- Led design reviews, fabrication coordination, and on-ground problem solving.
- Drove testing, iteration, and validation based on real-world feedback.

Suspension Lead (Team Daedalus Racing, BAJA SAEINDIA)

(October 2024- November 2025)

- Served as TDR Suspension and Steering Lead in BAJA SAE INDIA 2025, overseeing end-to-end design, analysis, & optimization of vehicle's suspension system.
- Facilitated team collaboration by leading technical discussions, mentoring junior members, and ensuring integration of suspension components aligns with overall performance and competition requirements.

Research & Development Excomm, ASME NSUT

(September 2024 - Present)

- Curated and led CAD/FEA workshops, technical seminars, and design contests.
- Supervised a student team in conceptualizing and validating a **EHPVC vehicle** .

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

- Secured **3rd position** in **CAD Battle** organised under invictus'25 held at **DELHI TECHNICAL UNIVERSITY**. (February 2025)
- Secured **2nd place** in the **Mega Marketing Round, ATVC India 2025** – recognized for team presentation and strategic marketing approach.
- **Volunteer – National Service Scheme (NSS)**
Contributed 100+ hours to community service activities under the NSS banner.
Participated in awareness drives, cleanliness campaigns, and social outreach programs focused on education and sustainability.
Demonstrated commitment to social responsibility, teamwork, and civic engagement.
- **NPTEL Certification – Developing Soft Skills and Personality**
Conducted by IIT Kanpur (August 2024 - October 2024)
